

Securing ^{your} Research

A Research Protection and Safeguard(RPS) Bulletin by RIEO

Are you

... involved in the **physical transfer** of your **research materials** out of Singapore?

... or involved in the **intangible transfer** of **controlled technologies** out of Singapore?

Important Note

Researchers are to note that the transfer of **strategic (or controlled) goods**, for e.g. to your overseas collaborators, are regulated locally by **Singapore Customs**.

This includes the electronic or ‘**intangible**’ **transmission** and sharing of **strategic technologies** to individuals/parties **outside of Singapore**, or to foreign individuals/parties **within Singapore**.

Please refer to [RIEO's intranet page](#) for further guidance.

Stay tuned to our next bulletin to learn more!

If you wish to subscribe to RIEO's bulletins, please [register here](#).
Or write to rieo@ntu.edu.sg if you have any queries.
